

TNT™ Infused

BEHIND THE DESIGN:

Just like the original, this version is also engineered to blow up racks and take names.

Featuring the same Torpex™ Core with TORQUE SPHERE Technology, we knew the sole focus of this project was formulating the ideal coverstock to not only compliment the TNT, but also compliment the entire Roto Grip product line.

Explosive Performance PLUS SOME was our goal, and well ,lets just say we CRUSHED IT!

Starting with our eTrax™ PLUS coverstock material, we went to work mixing up and mixing down both the pearl and solid materials. After months of rigorous testing and analysis we were able to formulate the response to friction we were looking for thanks to this 2-part pearl / 1-part solid concoction.

PRODUCT DETAILS:

COLOR: Glow Orange / Copper / Plum

CORE: Torpex™ Core

COVER: eTrax™ PLUS Hybrid Reactive

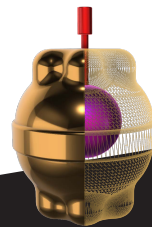

BOX FINISH: Reacta Gloss™

BUILT FOR: Medium Oil

FLARE POTENTIAL: High

AVAILABLE WEIGHTS: 16 – 12 lbs.

PRODUCT SKU: RNF

16-14 lbs.

13-12 lbs.
